ENACTED by the National Assembly of the Federal Republic of
Nigeria-

- 1
- PART I - OBJECTIVE AND ENTITLEMENT TO USE OF WATER
- 2
- 1.-(1) The objective of this Bill is to ensure that the nation's inter-
- 3
- state water resources are protected, used, developed, conserved, managed
- 4
- and controlled in ways which take into account amongst other factors:
- 5
- (a) citizens' right of access to safe water and basic sanitation;
- 6
- (b) meeting the basic human needs of present and future
- 7
- generations;
- 8
- (c) promoting equitable and affordable access to water and
- 9
- reducing poverty;
- 10
- (d) adopting hydrological boundaries as the basic units for water
- 11
- resources management;
- 12
- (e) protecting the water environment for sustainability of the
- 13
- resources and protection of aquatic ecosystems, and recognizing the
- 14
- polluter pays principle;
- 15
- (f) providing for existing customary uses of water and avoidance of
- 16
- harm to other water users;
- 17
- (g) promoting the efficient, sustainable and beneficial use of water
- 18
- in the public interest;

Objective of
this Bill

1 (h) facilitating social development, improved public health and
2 economic development;

3 (i) supporting initiatives to reduce and prevent pollution and
4 degradation of water resources and the aquatic environment;

5 (j) managing floods, desertification, droughts, erosion control and
6 land drainage and supporting other environmental measures aimed at
7 promoting climate resilience, climate risk mitigation and adaptation;

8 (k) encouraging comprehensive and equitable coverage of water
9 supply and sanitation including promoting public-private sector partnerships
10 in delivery of water services;

11 (l) promoting public-private partnerships in the development and
12 management of water resources infrastructure;

13 (m) promoting dams' safety and appropriate reservoir operation and
14 management;

15 (n) meeting international obligations; and

16 (o) recognizing and implementing the principle of water as an
17 economic good and social good, taking into consideration the socio-economic
18 status of the users, particularly affordability.

19 (2) The institutions established under this Bill shall be guided by the
20 following principles in achieving the objective set out in subsection (1) of this
21 section:

22 (a) participation and consultation with States, local governments,
23 communities, women and other stakeholders;

24 (b) the coordinated management of the water resources sector at the
25 lowest appropriate level;

26 (c) administrative efficiency;

27 (d) transparency;

28 (e) accountability;

29 (f) implementing national policies on gender equality and the
30 environment and

1 (g) capacity building and development.

2 (3) In implementing the principles under subsection (2) of this
3 section, the institutions established under this Bill shall promote Integrated
4 Water Resources Management (IWRM) and the coordinated management
5 of:

6 (a) incidental economic development, social welfare and
7 environmental sustainability;

8 (b) land and water resources;

9 (c) surface water and groundwater resources;

Determination
of application

1 concluded that there are no substantial grounds not to grant an extension.

2 (4) If the validity period of a licence is extended in pursuant to the
3 provisions of subsection (3) of this section, the licence in respect of the period
4 for which it is extended may be issued, subject to different conditions which
5 may include a lesser permitted water use.

6 **66.-(1)** The Commission may grant or refuse to grant an application
7 for the issue of a license for any reason the Commission considers appropriate
8 having regard to the objectives specified in section 1 of this Bill.

9 (2) In determining whether to grant an application or not the
10 Commission shall:

11 (a) follow the procedure for notification and consultation as stipulated
12 in regulations issued by the Commission from time to time pursuant to section
13 141 of this Bill; and

14 (b) be satisfied that harm will not be caused to existing lawful uses,
15 including customary uses, subject to provisions to vary the terms of existing
16 licenses under this Bill.

17 (3) The Commission shall notify the applicant for a license, and any
18 person who has objected to the application in writing of its decision to grant or
19 refuse to grant the application and in the case of a decision to refuse to grant the
20 application, of the reasons for its decision.

21 (4) The Commission shall keep a register of licences issued with
22 respect to water sources within its area of authority which register shall be
23 available for the inspection of the public in accordance with the rules of the
24 Commission in respect thereof.

25 (5) The issue of a licence to use water does not imply a guarantee
26 relating to the:

27 (a) statistical probability of supply;

28 (b) availability of water; or

29 (c) quality of water.

- 1 **67.** -(1) With respect to National water resources as described in Emergency powers
2 S.2(1), where the Commission is satisfied that, by reason of an actual or in case of shortage
3 anticipated exceptional shortage of water in a hydrological area, or by of water
4 reason of accident or other unforeseen circumstance, including but not
5 limited to climatic effects and factors, a serious deficiency of water for
6 essential domestic purposes or damage to the environment exists, or is
7 threatened in any area, the Commission may by Order-
- 8 (a) declare that an emergency exists; and
- 9 (b) direct a person who has a supply of water in excess of his needs
10 to reduce the amount he is permitted to abstract under the terms of any
11 licence or general authorization.
- 12 (2) Any person who fails to comply with the directive/Order of the
13 Commission issued pursuant to the provisions of subsection (1) of this
14 section commits an offence.
- 15 (3) Subject to reasonable notice to owner of such land, and such
16 other measures that the Commission may consider necessary to overcome
17 the shortage of water or the effect of any accident, an Order by the
18 Commission under this Section may require or authorize:
- 19 (a) the laying of pipes and the construction of works on such land as
20 required to address the shortage;
- 21 (b) the entry on to such land by officers or agents of the
22 Commission.
- 23 (4) If a person to whom an Order under this section is directed fails
24 to comply with the Order, the Commission or any person to whom it
25 delegates such power-
- 26 (a) may take possession of the water system and operate any works
27 of the person concerned for the drawing, diversion, or use of water; and
- 28 (b) may exercise the person's rights in connection with the
29 abstraction of water during the period of the Order.
- 30 (5) It shall be the duty of any person exercising any powers under

1 this section to do so with reasonable care and in such a manner as to cause as
2 little damage as possible in so doing.

3 (6) A person who, without lawful authority, hinders or obstructs any
4 person acting in pursuance of an Order under this Section, or interferes with
5 any works constructed or under construction in pursuance of such an order,
6 commits an offence.

7 (7) Subject to section 37, any person who contravenes any provision
8 of this section commit an offence and liable, on first conviction to a minimum
9 fine of N50,000 Naira or imprisonment for a period not exceeding 2 years, or to
10 both such fine and imprisonment and in the case of a second or subsequent
11 conviction to a minimum fine of N100,000 Naira or imprisonment for a period
12 not exceeding 5 years or to both such fine and imprisonment.

Conditions of
licences

13 **68.-** (1) The Commission may attach conditions to every general
14 authorization or licence-

15 (a) relating to the protection of-

16 (i) the water resource in question;

17 (ii) the stream flow regime; or

18 (iii) other existing and potential users;

19 (b) relating to water management by-

20 (i) specifying practices and general requirements for any water use,
21 including water conservation and protection;

22 (ii) requiring the monitoring, analysis and reporting on water use or
23 water quality;

24 (iii) requiring the preparation, approval and adherence to a water
25 management plan;

26 (iv) requiring the payment of water charges as provided for in section
27 69 of this Bill;

28 (v) requiring the licensee to provide or make water available to a
29 person specified in the licence; and

30 (vi) in the case of a general authorization, requiring the registration of

- 1 the water use with the responsible Authority and the payment of a
2 registration fee as a pre-condition of that use;
- 3 (c) relating to a return flow and discharge or disposal of waste-
- 4 (i) specifying a water resource to which it must be returned or
5 disposed of;
- 6 (ii) specifying permissible levels for some or all of its chemical and
7 physical properties in accordance with standards and guidelines issued by
8 the Federal Ministry or Agency responsible for the regulation and
9 enforcement of Environmental Standards and relevant Regulations issued
10 by the Commission,
- 11 (iii) specifying treatment to which it must be subjected before it is
12 discharged; and
- 13 (iv) specifying the volume which may be returned;
- 14 (d) in the case of taking or storing of water-
- 15 (i) setting out the specific quantity or percentage of water which
16 may be taken;
- 17 (ii) setting out the rate of abstraction;
- 18 (iii) setting out the method of construction of a borehole;
- 19 (iv) specifying the place from where water may be taken;
- 20 (v) specifying the times when water may be taken;
- 21 (vi) identifying or limiting the area of land on which any water
22 taken from a resource may be used;
- 23 (vii) limiting the quantity of water that may be stored; and
- 24 (viii) specifying locations where water may be stored;
- 25 (e) in the case of a licence-
- 26 (i) specifying times when water may or may not be used;
- 27 (ii) containing provisions for its termination if an authorized use of
28 water is not implemented or not fully implemented; or
- 29 (iii) designating water for future or contingent use which have been
30 agreed to by the licensee; and

Charges for water
use

- 1 (f) which are necessary or desirable to achieve-
 - 2 (i) the purpose for which the licence was issued; and
 - 3 (ii) compliance with the provisions of this Bill.
- 4 **69.**-(1) The use of water abstracted from a national water resource in
- 5 accordance with S. 2(1) shall be subject to a water charge that reflects -
- 6 (a) the available water and resource quality objectives;
 - 7 (b) the costs of water resources development and management;
 - 8 (c) the affordability of water among water users;
 - 9 (d) the equitable, efficient and sustainable allocation of water; and
 - 10 (e) consideration for climate risks and effects, protection and
 - 11 conservation of the national water resource and water related environment.
- 12 (2) The water charge shall form a source of income for the
- 13 Commission.
- 14 (3) The pricing structure for water use adopted by the Commission
- 15 shall be approved by the National Council and may-
- 16 (a) differentiate on an equitable basis between different-
 - 17 (i) types of geographic areas;
 - 18 (ii) categories of water use; and
 - 19 (iii) water users.
 - 20 (b) include subsidies to promote equitable allocation;
 - 21 (c) provide a transparent mechanism for establishing charges; and
 - 22 (d) define any circumstances under which water charges may be
 - 23 subject to waiver.
- 24 (4) The pricing structure for waste water discharges shall be approved
- 25 by the National Council and may provide a differential rate taking into account
- 26 the-
- 27 (a) context in the area concerned;
 - 28 (b) characteristics of the waste discharged;
 - 29 (c) amount and quality of the waste discharged;

1 (d) nature and extent of an impact on a water resource caused by the
2 waste discharged;

3 (e) extent of permitted deviation from prescribed waste standards
4 or management practices; and

5 (f) required extent and nature of monitoring the water discharge.

6 (5) The pricing structure shall prescribe procedures for recovery of
7 water charges.

8 (6) In preparing the pricing structure the Commission shall follow
9 procedures for public consultation set out in section 141 of this Bill.

10 **70.**-(1) A licensee may, before the expiration of a licence, apply to
11 the Commission for the renewal or amendment of the licence in a form and
12 containing such information as may be required by the Commission.

Renewal, review,
variation and
cancellation

13 (2) A licence may, at the request of the licensee, be varied by the
14 Commission if the Commission is satisfied that the variation is not contrary
15 to the public interest or the rights of others, so as to-

16 (a) vary the point of abstraction or diversion;

17 (b) vary the use of water authorized by the licence;

18 (c) to remedy any defect whereby the licence is incomplete or
19 indefinite in its terms and conditions; or

20 (d) to reflect one or more successors-in-title as new licensees.

21 (3) A variation relating to the use of water or terms and conditions
22 of a licence shall not be made without public consultation in accordance
23 with section 141.

24 (4) The Commission may vary a licence or its conditions where, it
25 is shown to the satisfaction of the Commission, that owing to climate factors
26 and effects, changes in hydrological conditions, prolonged drought,
27 increased demand or other cause, the use of water under a licence, or the
28 method or point of abstraction or other manner in which the water is sourced,
29 causes-

30 (a) inequity;

1 (b) a deterioration in the quality of water;
2 (c) a shortage of water for domestic purposes; or
3 (d) a shortage of water for any other purpose which in the opinion of
4 the Commission should have priority.

5 (5) A variation contemplated in sub-section (4) of this section may
6 only be made if the conditions of other licences for similar water use from the
7 same water resource in the same vicinity, as determined by the Commission,
8 are also being amended in an equitable manner through a general review
9 process.

10 (6) Notwithstanding the provisions of sub-section (4) of this section, a
11 Commission may review the terms of a licence, other than the time period, only
12 at the periods stipulated in a licence for that purpose

13 (7) A licensee whose license is varied under subsections (4) or (5) of
14 this section and, as a result of which the economic viability of any undertaking
15 is severely prejudiced, shall be paid compensation in such an amount as shall
16 be agreed between the Licensee and the Commission, or in default of
17 agreement, as may be determined by the appeals procedures under this Bill.

18 (8) A licensee may, before the expiration of a licence, apply to the
19 Commission for the renewal or amendment of a licence which shall be dealt
20 with according to the same procedures and considerations as application for a
21 new licence.

22 (9) A licence may be cancelled, suspended or varied by the
23 Commission if the licensee-

24 (a) contravenes any conditions of the licence; or

25 (b) fails to make beneficial use of the water or any part thereof.

26 (10) No licence shall be varied, suspended or cancelled under this
27 section unless notice of the proposed variation, suspension or cancellation has
28 been served on the licensee and the licensee has been afforded a reasonable
29 opportunity to show cause to the Commission why the licence should not be
30 varied or cancelled.

- 1 **71.**-(1) Subject to S. 2(1) of this Bill, the Commission may, Groundwater
2 following public consultation, by order published in the Gazette, declare an conservation areas
3 area to be a groundwater conservation area in cases where the Commission
4 is satisfied that, in the public interest in such area, special measures for the
5 conservation of groundwater are necessary for the protection and efficient
6 management-
- 7 (a) of public water supplies;
8 (b) of the environment; or
9 (c) for water supplies used for agriculture, industry or other private
10 purposes.
- 11 (2) The Commission may impose such requirements, and regulate
12 or prohibit such conduct or activities, in or in relation to groundwater
13 conservation areas such as the Commission may deem necessary to protect
14 the area.
- 15 **72.**-(1) The Commission may, in relation to National Water General
16 Resources as provided in S.2 (1) and in accordance with Regulations made authorizations
17 pursuant to this Bill, authorize all or any category of persons to use water by
18 notice in the Gazette-
- 19 (a) generally;
20 (b) in relation to a specific water resource; or
21 (c) within an area specified in the notice,
- 22 (2) The notice referred to in subsection (1) of this section -
23 (a) shall state the geographical area in respect of which the general
24 authorization will apply and the date upon which the general authorization
25 will come into force; and
26 (b) may state the date on which the general authorisation will lapse.
- 27 (3) A water use may be authorized under subsection (1) of this
28 section on condition that the user obtains any permission or authority
29 required by any other specified law.
- 30 (4) Before issuing a general authorization, the Commission shall-

1 (a) publish a notice in the Gazette setting out the proposed general
2 authorisation and an address to which and date before which comments are to
3 be submitted;

4 (b) consider what further steps, if any, are appropriate to bring the
5 contents to the attention of interested persons and, take those steps which it
6 considers appropriate; and

7 (c) consider all comments received on or before the date specified.

8 (5) Any authorization to use water under this section does not replace
9 or limit any entitlement to use water which a person may otherwise have under
10 this Bill.

Contravention of
licence provisions

11 **73.-(1)** Any person who contravenes the provisions of section 64 (1)
12 commits an offence and is liable on conviction to a fine of not less than N1,000,
13 000 Naira or to imprisonment for a period of 2 years or to both such fine and
14 imprisonment.

15 (2) The Commission shall have the authority to order any person who
16 contravenes section 64 (1) of this Bill to cease such activities and to make such
17 other orders as may be deemed necessary to prevent continuation or
18 reoccurrence of the contravention.

19 (3) The Commission shall have the authority to penalize a licensee for
20 violation of the terms and conditions of his license or to cancel or suspend such
21 license in accordance with the provisions of this Bill.

Delegation of
powers to regulate
groundwater
abstraction through
borehole drilling

22 **74.-(1)** In relation to Water Sources falling within the description of
23 National Water Resources in accordance with S. 2 (1) and the first schedule to
24 the Bill, no person shall commence or carry any kind of borehole drilling
25 business for extraction of water except in accordance with Regulations to be
26 issued by the Commission.

27 (2) Any driller who fails to comply with the provisions of any
28 Regulations made pursuant to S.(1) commits an offence and on conviction
29 shall be liable to a term of imprisonment not exceeding two years or to a fine
30 not exceeding N500,000 or to both fine and a term of imprisonment.

1 (3) The Penalty in S.(2) above may apply to a single offence and for
 2 every additional day that the offence continues Regulations on groundwater

1 give effect to the national water resources management strategy.

2 **124.-(1)** The Commission, in consultation with Nigeria Hydrological Services Agency and other stakeholders, through its Catchment Management Offices shall formulate a comprehensive cross-sector Hydrological Area water resources strategy for the protection, development, use, conservation, management, control and administration of all surface water and groundwater resources in the Hydrological Areas specified in the Second Schedule to this Bill by reference to:

3 (a) national water resources policy and strategy;

4 (b) prevailing social, economic, and financial, technological and environmental including any associated climate effects and incidental ecological conditions; and

5 (c) the activities, plans and proposals of State, local government, community and private sector bodies in respect of water resources.

6 (2) A Hydrological Area water resources strategy shall provide guidance on the priority of water use within a Hydrological area for consideration in the licensing of water use under Part V of this Bill.

7 (3) A Hydrological Area water resources strategy shall be subject to public consultation under section 141 of this Bill and be published in the Gazette.

8 (4) A Hydrological Area water resources strategy may be prepared in a phased and progressive manner over time and shall be reviewed every 10 years or earlier as the Minister may deem expedient but in any event not later than a 10 year period.

9 (5) A Hydrological Area water resources strategy referred to in sub-section (1) of this section shall prescribe principles, objectives, procedures and institutional arrangements for management, protection, use, development, conservation, control and administration of the water resources in the Hydrological Area and in particular, for:

Hydrological
areas resources
strategy and plans

1 (a) classifying water resources and determining resource quality
2 objectives;

3 (b) setting out principles for allocating water; and

4 (c) defining mechanisms and facilities for stakeholder participation in
5 development of the Hydrological Area strategy and activities related to
6 management of the water resources of the Hydrological Area.

7 (6) A Hydrological Area water resources strategy shall:

8 (a) be consistent with the provisions of this Bill and the national water
9 resources strategy; comprise an inventory and assessment of water resources
10 projects in the Hydrological Area; present an assessment of water resources
11 availability and use in the Hydrological Area, and, as required by the type of
12 water resources issues experienced in the hydrological area; and incorporate
13 thematic strategies, including:

14 (i) water conservation, efficiency of use, and demand-side
15 management;

16 (ii) watershed and erosion management and protection;

17 (iii) upgrading of existing assets;

18 (iv) flood management;

19 (v) drought management;

20 (vi) groundwater management; and

21 (vii) water quality management.

22 (viii) Climate scenario assessment, climate disruption mitigation and
23 adaptation strategies.

24 (7) All public and private sector bodies and community organizations
25 within the Hydrological Area shall submit their water-related development and
26 management plans to the CMO for consideration in respect of the Hydrological
27 Area's water resources and consolidation into a Hydrological Area
28 development and management plan.

29 (8) The CMO shall, based on the Hydrological Area water resources
30 strategy, formulate and publish short to medium term management and

1 development plans as a basis for its financial plan.

2 (9) The Minister, Commission, and any public authority shall,
3 when exercising any statutory power or performing any statutory function,
4 take into account and give effect to any Hydrological Area water resources
5 strategy in force under this section.

6 **125.-(1)** The Minister shall introduce a system of classifying all
7 significant inter-state watercourses and aquifers which shall be used by the
8 Commission as the basis for determining license applications and for
9 developing plans for the progressive improvement of water quality in
10 watercourses and aquifers.

Classification of
water resources and
resource quality
objectives t

11 (2) The Minister in consultation with relevant stakeholders at
12 Federal and State levels, shall prescribe a system for classifying water
13 resources for the purpose of determining resource quality objectives for
14 each class of water resources and guiding decisions on water allocation,
15 including procedures for:

- 16 (a) determining an interim classification;
17 (b) preparing a classification recommendation;
18 (c) public consultation; and
19 (d) approval and publication in the Gazette.

20 (3) The Commission shall implement the procedures of the
21 prescribed classification system and prepare a recommendation for the
22 approval of the Minister for:

- 23 (a) the classification of each water resource within its basin;
24 (b) resource quality objectives for a water resource; and
25 (c) specifying the requirements for achieving the objectives and
26 the dates from which the objectives will apply.

27 (4) The Minister, the Commission, and any public authority shall,
28 when exercising any statutory power or performing any statutory function,
29 take into account and give effect to the resource quality objectives
30 determined under this section in respect of a water resource.

Determination
of reserve

1 **126.**-(1) As soon as reasonably practicable after classifying a water
2 resource, the Commission shall after consultation with the Minister, and by
3 notice in the Gazette, determine the reserve for the whole or part of each of that
4 water resource.

5 (2) The reserve set out in sub-section (1) of this section shall comprise
6 the quantity and quality of water required to:

7 (a) satisfy basic human needs by securing a basic water supply, as
8 prescribed in regulations made pursuant to this Bill, for people to rely upon,
9 take water from, or be supplied from the relevant water resource; and

10 (b) maintain significant environmental services of the water resource
11 including protection of aquatic ecosystems in order to ensure ecologically
12 sustainable development and use of the water resource.

13 (3) The Minister, the Commission, and any public authority shall,
14 when exercising any statutory power or performing any statutory function,
15 take into account and give effect to the requirements of the reserve.

16 (4) Until a system for classifying water resources has been prescribed
17 or a class of a water resource has been determined, the Commission:

18 (a) may for all or part of a water resource; and

19 (b) shall before licensing or authorizing the use of water under Part V
20 of this Bill, make a preliminary determination of the reserve.

21 (5) A determination in terms of subsection (1) of this section
22 supersedes a preliminary determination.

Pollution
prevention

23 **127.**-(1) A person or institution established under this Bill shall
24 promote and observe the policy of the Federal Government on point and non-
25 point sources of pollution of the water resources identified in S.2 (1).

26 (2) Any such person or institution shall promptly notify both the
27 relevant environmental standards enforcement agency in charge of pollution
28 control in the area and the relevant Catchment Management Office of any
29 actual or threatened infringement whereupon such environment agency shall
30 take appropriate steps pursuant to the law establishing it.

1 (3) States shall take all appropriate legal, economic and social
2 measures to control non-point source pollution including promoting:

3 (a) sustainable forestry practices, agro-forestry, reforestation and
4 good pasture husbandry;

5 (b) appropriate agricultural land use methods, soil conservation,
6 control and minimization of the use of agricultural chemical inputs;

7 (c) general land use planning and enforcement of urban planning
8 laws; and

9 (d) hygiene and sanitation.

10 (4) In cases of emergencies or threat of imminent serious pollution,
11 the Minister or other relevant State Ministry, agency and/or sector
12 institution shall take appropriate steps to rectify the problem and as soon as
13 practicable thereafter to notify the appropriate enforcement agency.

14 (5) Where the pollution continues for a period of two days after
15 notification to the enforcement agency, the Commission in consultation
16 with the enforcement agency shall take further appropriate steps to abate
17 such pollution, including prosecution of the polluters and suspension of a
18 licence for wastewater discharge or related water supply.

19 (6) Upon a notification of a point or non-point source of pollution
20 to the enforcement agency by any person, the Catchment Management
21 Office shall continue to monitor and ensure actual abatement of such
22 pollution occurring within the Basin.

23 (7) Where the Minister or the Commission takes such steps as are
24 contemplated in this section, such costs as are incurred shall be recovered
25 from the parties directly or indirectly responsible in accordance with section
26 134 of this Bill. In the case of a State or State Agency such recovery shall be
27 via a demand made to and payable to the Commission .

28 PART X - MONITORING, REPORTING AND INFORMATION SYSTEMS

29 128.-(1) The Minister shall, through NIHSA, establish and
30 maintain national monitoring systems on water resources.

Monitoring
systems

	1	(2) The systems shall provide for the collection of appropriate data
	2	and information necessary to assess, among other matters-
	3	(a) the quantity of water in the various water sources;
	4	(b) the quality of water resources;
	5	(c) the use of water resources; and
	6	(d) the state of the aquatic environment.
National information systems on water resources	7	129. The Minister shall, through NIHSA, establish national
	8	information systems regarding water resources, for the following-
	9	(a) hydrological and hydro-geological monitoring networks;
	10	(b) hydro-meteorological monitoring network;
	11	(c) databases and information systems that summarize the
	12	information systems maintained at catchment level under section 138 of this
	13	Bill; and
	14	(d) information on water resources of international river basins of
	15	which Nigeria is a party.
Establishment of catchment information systems	16	130.-(1) The Commission shall in collaboration with the Nigeria
	17	Hydrological Services Agency, establish and maintain catchments level
	18	information systems on water resources.
	19	(2) The catchments level information systems shall provide for the
	20	collection of appropriate data and information necessary to assess, among
	21	other matters-
	22	(a) the quantity of water in the various water sources;
	23	(b) the status of groundwater aquifers;
	24	(c) the quality of water resources and state of the aquatic
	25	environment;
	26	(d) the use of water resources, including a register of water use
	27	authorizations for irrigation, municipal and industrial use and other uses;
	28	(e) the extent and quality of coverage of water supply and sanitation
	29	services; and
	30	(f) compliance with water resource quality objectives.

1 (3) The Commission shall submit necessary information and
2 reports to the Minister for the purpose of compilation into the national
3 information system.

4 **131.**-(1) The Ministry, NWRI, the Commission, and any other Information on
5 water sector institutions established under this Bill shall, make information floods and
6 at their disposal available to the public in an appropriate manner in respect droughts
7 of-

- 8 (a) a flood which has occurred or is likely to occur;
9 (b) an impending drought or drought which has occurred;
10 (c) a waterworks that might fail or has failed;
11 (d) any risk posed by a dam or other water resources infrastructure;
12 (e) levels likely to be reached by flood waters from time to time;
13 (f) any risk posed by the quality of any water to life, health or
14 property;
15 (g) any matter connected with water or water resources which the
16 public needs to know.
17 (h) any credible climate scenario or climate analytic and associated
18 projected risks related national water resources

19 (2) The institutions specified in subsection (1) of this section, shall
20 where reasonably practicable, establish an early warning system in relation
21 to the events contemplated in that section.

22 (3) For the purposes of ensuring that all persons who might be
23 affected have access to information regarding potential flood hazards, no
24 person shall establish a housing project unless the layout plan shows, in a
25 form acceptable to the local authority concerned, lines indicating the
26 maximum level likely to be reached by floodwater on average once in every
27 100 year return period.

28 **132.** The objectives of the national information systems are to- Objectives of
29 (a) store and provide data and information for the protection, national and
30 sustainable use and management of water resources; hydrological area
information systems

	1	(b) provide information for the development and implementation of
	2	the national water resources strategy; and
	3	(c) provide information to government, water management
	4	institutions, water users and the public on the status of water resources for the
	5	purpose of-
	6	(i) research and development;
	7	(ii) planning, climate mitigation and adaptation measures and
	8	environmental and ecological management;
	9	(iii) determining licence applications;
	10	(iv) public safety and disaster management, and
	11	(v) international cooperation.
Provision of information	12	133. The institutions specified in section 136 (1) of this Bill may
	13	require that any person shall, within a reasonable given time or on a regular
	14	basis, provide any data, information, documents, samples or materials
	15	required for the-
	16	(a) purposes of respective national or hydrological area monitoring
	17	networks or information systems; and
	18	(b) management and protection of water resource.
Access to information	19	134. Information contained in any national or hydrological area
	20	information system established under this Part shall be made available to the
	21	public within a reasonable time frame, subject to any limitations imposed by
	22	law and the payment of a reasonable fee.
Regulations for monitoring, assessment and information	23	135. The Commission and the Nigeria Hydrological Services Agency
	24	shall jointly develop guidelines prescribing-
	25	(a) procedures, standards and methods for monitoring; and
	26	(b) the nature, type, time period and format of data to be submitted in
	27	accordance with this Part of this Bill.
	28	PART XI - GENERAL

19 7.- (1) It shall be lawful for the Board to require a personnel to retire
20 from the Service at any time after he has attained the age of forty-five years
21 subject to three months' notice in writing of such requirement-being given to
22 the personnel.

Compulsory
retirement and
retirement on
compassionate
grounds

23 (2) A personnel may, on compassionate grounds, be allowed to
24 resign, withdraw or retire from
25 service, as the case may be, in accordance with the Service Regulations.

26 8.-(1) A pension granted to a personnel or other rank under this Bill
27 shall not be less than forty percent of his total emolument.

Minimum and
maximum pension

28 (2) For the purpose of this section, an additional pension granted in
29 respect of injury shall\or be taken into account; but where the personnel is
30 granted such an additional pension under this Bill, the amount so granted

	1	together with the remainder of his pension under this Bill shall not exceed one
	2	hundred percent of his highest pensionable emolument at any time in the
	3	course of his service.
Pension and gratuity to be paid to dependent, etc. where a pensioner dies in service	4	9. -(1) Where a personnel dies in the course of official duty, there shall
	5	be paid to his next of kin a gratuity to which the personnel would have been
	6	entitled at the date of his death.
	7	(2) Where a personnel dies before completing the minimum period of
	8	qualifying service, his next of kin shall be paid a death gratuity of one year's
	9	salary only.
	10	(3) Any pension payable under subsection (1) above shall be paid to
	11	any person entitled thereto for a period expiring at the end of five years after the
	12	death of the personnel, however, a lump sum representing five years pensions
	13	may be paid immediately to the person entitled to it.
Pension to run for five years after death within five years of retirement	14	10. Where a personnel dies within five years after retirement, his next
	15	of kin shall continue to be paid, for a period which shall expire at the end of five
	16	years from the date of his retirement, the same pension which the deceased
	17	personnel was receiving prior of his death. But if the next of kin so elects, the
	18	balance of his pension at his death may be paid immediately to the said next of
	19	kin.
Notice of intention to retire or withdraw from service	20	11. -(1) A personnel who wishes to retire from the Service after serving
	21	for ten years or more shall give three (3) months' notice or pay the Service the
	22	equivalent of three (3) months' salary in lieu of notice.
	23	(2) A personnel who wishes to withdraw from the Service after serving for not
	24	less than five years but up to ten years shall give the Clerk to the National
	25	Assembly one month's notice of his intention to withdraw from the Service or
	26	he shall pay one month's salary in lieu of such notice.
	27	PART II - MISCELLANEOUS
Pension and gratuity not to be assignable	28	12. A pension or gratuity granted under this Bill shall not be
	29	assignable or transferable or liable to be attached, sequestrated or levied upon

1 for or in respect of any debt or claim whatsoever except for the purpose of
2 satisfying-

- 3 (a) a debt due to the Federal Government; or
4 (b) an order of a Court for the payment of periodical sums of money
5 towards the maintenance of the wife or former wife or minor child of the
6 personnel to whom the pension or gratuity has been granted.

7 **13.** Where the Board is satisfied that -

8 (a) a sum is due to the Federal Government from a person to whom
9 a pension or gratuity is due under this Bill;

Payment of public
claims out of pension
and gratuity

10 (b) an overpayment on account of any such pension or gratuity has
11 been made to any such person by the Federal Government, the Board may
12 authorize the deduction from the pension or gratuity, in respect of that sum
13 or overpayment of such amounts at such times as it may think fit; and the
14 amounts so deducted shall be applied in or towards paying or repaying that
15 sum or Overpayment.

16 **14.**(1) The Board may, by order published in the Gazette, delegate
17 to another person or authority all or any of its powers under this Bill.

Delegation of
power

18 (2) But the delegation of a power under the above subsection shall
19 not prevent the Board from continuing to exercise the power if it thinks fit.

20 **15.**(1) The Management of the Service may make provisions for
21 the structure, personnel, etc. of the Board which in turn may make
22 provisions for carrying into effect the provisions of this Bill.

Regulations

23 (2) Whenever the Board is satisfied that it is equitable that any
24 regulation made under this section should have retrospective effect in order
25 to confer a benefit upon or remove a disability attached to any person, that
26 regulation may be given retrospective effect for that purpose.

27 **16.** In this Bill, unless the context otherwise requires -
